APRIL 2013**

PINE NEEDLE PICK UP

South Tahoe Refuse's annual Big Trash Day will be on Wednesday, May 22, 2013. South Tahoe Refuse will allow up to six additional bags of spring clean-up materials to be set out with your normal trash at no additional charge.

After Wednesday, May 29th, your regular trash pickup day, you may set your bags of clean pine needles and cones for the Pine Needle Pick Up on Monday and Tuesday, June 3rd and 4th, 2013.

If you miss these dates, clean pine needles, cones and slash can be taken to Boulder parking lot on South Benjamin Drive as part of the Tahoe Douglas Fire District's "Compost Your Combustibles" program from May 25th through July 4, 2013.

Funds are available again this summer for assistance with removing fuels for defensible space. Contact John Pickett at the Tahoe Douglas Fire Protection District at 775-588-3591. You will need a Defensible Space Evaluation prior to beginning work. After the work is done, contact John for 50% reimbursement.

ROUND HILL STREET SWEEPING

The RHGID street and swale clean up and sweeping will take place Wednesday through Friday, May 1st, 2nd and 3rd.

Please Do Not park vehicles on the streets during May 1st, 2nd and 3rd.
