LEADERSHIP LAKE TAHOE

Round Hill GID maintains a membership in the Tahoe Chamber of Commerce. One of the Chamber's programs is the Leadership Lake Tahoe program that encourages leadership development activities of Chamber members within the basin. Nick Exline, a Chamber member and employee of Round Hill's Midkiff & Associates, has requested that the District assist him in his program developed as part of his volunteer role Leadership Lake Tahoe.

Nick has developed a program to distribute children's books to kids in need. The District is proud to support Nick in his endeavors by acting as a drop off location to collect any used children's books you may have that are no longer being used. You can either drop the books off at the RHGID office (7:30 a.m. – 4:00 p.m.) or please call Nick Exline at (775) 588-1090 and he will gladly pick them up.

For more information on the Leadership Lake Tahoe program, call Nick or check it out online at www.tahoechamber.org/leadership.aspx. The District hopes that Mr. Exline is successful in his efforts and encourages all Round Hill residents to support him in this worthwhile cause.

Nick would like to thank you all for supporting literacy in Lake Tahoe.
