

**ROUND HILL GENERAL IMPROVEMENT DISTRICT**  
**NEWSLETTER**  
**November 2009**

**Fire Wood**

The District recently completed a project to improve the defensible space at our office facility. Trees and ground cover were removed as part of this project. The trees that were removed have been cut into fire wood. Fire wood is **still available** to be picked up at the District offices for our customer's use. If you would like to remove some of this wood, please call us at the District (588-2571) to arrange a time so we can ensure there are no other activities taking place at the office that would impede your access to the wood. Removal of the wood needs to be done during business hours; 7:30 a.m. – 4:00 p.m., and is available on a first come, first served basis.

**Retirement**

Joe Francoeur has been a Trustee at the District for 11 years. He has been Chairman of the Board for the past 6 years. He recently submitted his resignation. We wish Joe the very best in his future endeavors. His contributions to the District are numerous, and his presence will be sorely missed. If you have the opportunity, please say thanks to Joe for all he has done as your representative on the Board.
