ROUND HILL GENERAL IMPROVEMENT DISTRICT

PROJECT NO. 66-1

RESOLVED, by the Board of Trustees of the Round Hill General Improvement District, Douglas County, Nevada, that

WHEREAS, on the 14th day of March, 1966, this Board adopted its Resolution No. 53 wherein it did determine to make public improvements more particularly therein described;

WHEREAS, pursuant to proceedings to that end duly had and taken, this Board did on the 22nd day of April, 1966, adopt its Resolution No. 67, A Resolution Adopting, Approving and Confirming Assessment Roll and the Special Assessments Contained Therein, Project No. 66-1, and did on the 20th day of January, 1967, adopt its Resolution No. 109, A Resolution Adopting, Approving and Confirming Reassessment Roll and the Special Assessments Contained Therein, Project No. 66-1;

WHEREAS, the last known owners of land assessed for the cost of the improvements described in said Resolution of Determination have waived the right of cash payment of the assessments;

WHEREAS, the District Secretary has caused a list of the assessments which remain unpaid at this time to be prepared;

WHEREAS, in said special assessment roll, and in said special reassessment roll, each and all of the lots, premises and parcels of land assessed were entered and described in conformity with the lots, premises and parcels of land within the assessment district created created for said improvements as they were entered and described in

the last equalized assessment roll upon which general state, county and other district taxes were levied and are now being collected;

NOW, THEREFORE, IT IS HEREBY FOUND, DETERMINED and ORDERED as follows:

1. That the list of the assessments which now remain unpaid, and the aggregate amount thereof, of the assessments contained in said reassessment roll, is as shown in Exhibit "A" hereto attached and by reference made a part hereof.

2. That the unpaid list is in the amount of \$849,000 and special assessment bonds shall be issued upon the security of said unpaid assessments in accordance with the provisions of the General Improvement District Law, said bonds to be all of like tenor (except for such variations as may be required to designate parts and varying numbers, maturity dates and interest rates) and shall be in the total principal amount of \$849,000.

3. The bonds shall be dated March 8, 1967, shall be Series 66-1, shall be 849 in number, and shall be divided into two parts, designated "Round Hill General Improvement District Improvement Bonds, Series 66-1, Part 1," and "Round Hill General Improvement District Improvement Bonds Series 66-1, Part 2" respectively. The bonds of said Part 1 shall be 500 in number, numbered 1-1 to 1-500, both inclusive, and shall mature on March 8 in the years more particularly set forth in Exhibit "B", hereto attached and by reference made a part hereof. The bonds of said Part 2 shall be 349 in number, numbered 2-1 to 2-349, both inclusive, and shall mature on March 8 in the years more particularly set forth in said Exhibit "B".

4. Bonds maturing in each year will bear interest represented by coupons attached thereto at the time of their issuance, payable semiannually on the 8th day of March and September of each year during their term. The interest coupons for each bond shall bear the bond's part designation and number, and shall be numbered from the earliest to

the latest interest period of each such bond.

5. Said bonds will bear interest at the rates stated in the accepted bid for the purchase thereof. Bidders must specify the rate of interest which the bonds shall bear. All bonds of the same maturity shall have the same interest rate. Rates for bonds of different maturity may vary in multiples of any fraction of 1%. The rate of interest for one or more full interest period on all of the bonds of one or more maturities may be split into two rates evidenced by separate coupons designated "A" and "B".

6. The bonds shall be in the denomination of \$1,000, shall be serial bonds, payable to bearer and negotiable by delivery. The bonds shall have all the qualities of negotiable paper, subject to the payment provisions stated herein, and the holder or holders thereof shall possess all rights enjoyed by holders of negotiable instruments under the provisions of the Negotiable Instruments Law and the Uniform Commercial Code - Investment Securities. Said bonds and coupons shall be payable at the Bank of America N. T. & S. A., Main Office, San Francisco, California, the Paying Agent of the District and of its Treasurer, and shall be substantially in the form set forth in Exhibit "C" hereto attached and by reference made a part hereof.

7. The bonds shall be signed by the facsimile signature of the Chairman of the Board of Trustees and President of the District, reproduced thereon by engraving, imprinting, stamping or other means of manual signature, and be countersigned by the manual signature of the Secretary and have affixed thereto the corporate seal of the District, and such signing and sealing shall constitute and be a sufficient and binding execution of such bonds by the District. The interest coupons attached to the bonds shall be signed by said Secretary by her engraved, imprinted or stamped facsimile signature and such signing shall constitute and be a sufficient and binding execution of each of said coupons by the District.

8. If any bond or coupon is presented for payment at maturity and payment thereof is refused upon the sole ground that there is insufficient moneys in the Sinking Fund with which to pay same, such bond or coupon will continue to bear interest after maturity at the rate stated in the bond until notice is given that funds are available for such payment.

9. The amounts of the several assessments, as apportioned among the several parts of the divided parcels, and as originally assessed where such parcels have not been divided shall constitute a lien upon the several lots, parcels and premises assessed until paid, and when collected shall be credited to the proper fund. The lien of the assessments shall be coequal with the lien of general state, county and other district taxes, including those of this District, not subject to extinguishment by sale of any property on account of the nonpayment of general taxes, and prior and superior to all other liens, claims, encumbrances and titles other than the lien of general taxes.

10. The amounts so assessed shall be collected and enforced, both before and after delinquency, by the County Treasurer and other County officers, as provided by law, with other taxes in the general assessment roll of the County, and in the same manner.

11. One-half of the principal installment to be collected for the payment of the bonds to accrue on March 8, 1970, shall be due on or before the first Monday in July, 1969, and collected with the first installment of State and County taxes and the other one-half of said principal shall be due on or before the first Monday in January, 1970, and collected with the third installment of State and County taxes. Each successive assessment principal installment of principal and interest shall likewise be due on or before the first Monday in July and be collected with the first installment of State and County taxes and the other one-half shall be due and payable on or before the first Monday in January and collected with the third installment of State and

County taxes. The principal so collected each year shall be equal to the amounts of principal to accrue on the bonds.

12. Semiannual interest on said unpaid assessments shall be the minimum rate for assessments computed under the law for the coupon rate stated in the accepted proposal for the bonds, and shall be collected upon said assessments and the reducing amounts thereof, with general taxes, and be payable on or before the first Monday in July and January of each year, the first of which will be payable on or before the first Monday in July, 1967.

13. If the semiannual installment of principal and interest or interest due on the first Monday in July is not paid on the date due, a penalty of 3% of the amount due shall be added and collected. If the installment due on the first Monday in January is not paid on the date due a penalty of 3% of the amount due will be added and collected. If the installment due on the first Monday in July is not paid by the first Monday in January, a penalty of 3% shall be added and collected on both installments in addition to the 3% penalty on the first installment. Delinquent installments shall bear interest at the rate of 7% per annum from the first Monday in January until paid. Penalties and interest shall be deposited in the bond redemption fund.

14. Nothing herein shall be construed as preventing the District from collecting any special assessment by suit in the name of the Board, in which case the special assessment roll and the certified resolution confirming it shall be prima facie evidence of the regularity of the proceedings in making the assessment and the right to recover judgment thereon as provided in the Act pursuant to which they were levied.

15. The installments of the special assessment and the interest thereon, when collected, shall be placed in a special fund which shall be created and maintained by the District Treasurer in its Depository and be known as the "Round Hill General Improvement District Improvement Bond Sinking Fund, Series 66-1." The moneys so deposited shall be deemed

appropriated to the payment of the bonds and the interest thereon and shall not be used for any other purpose until the bonds and the interest thereon are fully paid.

16. The unpaid balance of any assessment as to which bonds have been issued may be paid by depositing with the County Treasurer the following:

(a) The amount of any delinquent installments, together with penalties, interest and costs due thereon.

(b) Any installment of principal and interest which has been posted to the tax roll for the fiscal year.

(c) The unpaid balance of principal thereof.

(d) Interest to the date of call, subject to subsection (b).

If the amount of principal is in excess of the amount for which bonds may be called, additional interest shall be collected for such period as is necessary to avoid a shortage in the interest but for not less than 6 months.

(e) An amount to be fixed by the County Treasurer for publishing the notice calling bonds, if the notice is to be published.

17. The District Treasurer shall advance the maturity of the bonds called in the amount of surplus principal determined pursuant to section 15 of this resolution.

(a) The District Treasurer shall give written notice of advanced maturity, entitled "To Whom It May Concern," to the holder or owner of each bond that is called, at least 14 days before the day of call. The notice may be given by personal service, by registered mail addressed to the last known address of the holder or owner, or by one publication in the district or in a financial paper in New York. When given by publication, it shall also be mailed to the last known address of the holder or owner and if not known to the address of the original purchaser of the bonds.

(b) If notice of advanced maturity is given, the bond shall mature and become payable on the date fixed for maturity in the notice. The holder or owner of the bond may surrender it prior to the date of advanced maturity and receive the principal and interest thereon to the date of payment.

(c) If the bond has not been sooner surrendered, on the date fixed for advanced maturity the District Treasurer shall set aside to the credit of the owner of the bond the amount of principal and accrued interest then due on the bond, and the bond shall then be deemed to have matured and interest shall cease to accrue on the bond. The amount so set aside shall upon demand and upon the surrender and cancellation of the bond be paid to the holder or owner of the bond.

(d) The cost of serving or publishing the notice of advanced maturity shall be paid from the redemption fund.

(e) More than one bond may be included in a single notice of advanced maturity. All bonds called and redeemed shall be cancelled and destroyed.

(f) Prior to the surrender of any bond or the setting aside of any funds, the District Treasurer may waive and vacate any notice of advanced maturity upon being tendered for cancellation some other bond or bonds of an equivalent amount and of a maturity not earlier than that noticed, if 10 days' notice of his intention so to do is first given by mail or otherwise to the holder or owner of the bond noticed for advanced maturity and such holder or owner has not objected to such action.

18. In selecting a bond for retirement, the lowest numbered outstanding and unpaid bond of the annual series midway to the end of the bond term shall be chosen. Successive bonds shall be chosen from the lowest number of each annual series on either side thereof, so that bonds called shall be a pro rata part of each annual series after the one for which a levy has been posted to the County roll. For purposes

of this Section 18 the lowest numbered bond of the lowest numbered part shall be determined to be the lowest numbered bond. It is intended that the relationship of unpaid assessments to bonds outstanding be disturbed as little as possible by the call of bonds. The decision of the District Treasurer with regard to the selection of bonds for retirement shall be final and conclusive.

19. The bonds, by their issuance, shall be conclusive evidence of the regularity of all proceedings up to the issuance thereof. The bonds shall recite that they are issued under the authority of the General Improvement District Law. Such recital shall conclusively impart full compliance with all of the provisions of said Law and shall be incontestable for any cause whatsoever after their delivery for value.

20. If the special fund created by the proceeds of the special assessment shall be insufficient to pay the bonds and interest thereon as they become due, the deficiency shall be paid out of the general fund of the District, there being an obligation and mandatory duty on the part of the Board of Trustees of the District to levy general (ad valorem) taxes upon all property in the District which is taxable for state and county purposes, in order to provide for the payment of the bonds, subject to the limitation of Section 2 of Article 10 of the Constitution of the State of Nevada.

21. The Secretary shall provide the District Treasurer with a bond register and other records and supplies suitable to him for recording said bonds and the payment thereof. She shall also provide the County officials with suitable records of the several assessments and the installments of the principal and interest thereof in accordance with the General Improvement District Law, for posting to the County roll or other roll used for the collection of said installments.

22. The Secretary shall cause the bonds to be printed, containing the rates of interest provided for herein, and the costs thereof

shall be paid from the proceeds thereof as an incidental expense of the proceedings. At the time of the delivery thereof, she shall cause to be provided form of receipt for the bonds, a receipt for their proceeds and a signature and no-litigation certificate.

23. Nothing in this resolution shall be construed to prohibit the issuance of bonds to refund the bonds herein authorized; provided however that such refunding bonds shall only be issued to permit the payment of bonds at maturity, together with accrued interest thereon, and notwithstanding any other provision of this resolution, the proceeds of refunding bonds shall not be used in the redemption of bonds prior to maturity.

24. All action (not inconsistent with the provisions of this resolution) heretofore taken by the Round Hill General Improvement District, and the officers of said District, directed toward the acquisition of improvements in the assessment district sometimes designated "Project No. 66-1," in said General Improvement District, the creation of said Project No. 66-1 within and for said General Improvement District, the levying and perfecting of special assessments to defray the costs and expenses thereof, and the issuance of its Improvement Bonds for that purpose be and the same hereby is ratified, approved and confirmed, including, without limiting the generality of the foregoing, the sale of said bonds, for the principal amount thereof plus accrued interest thereon to the date of delivery at the interest rates specified in the accepted bid for said bonds.

25. After improvement bonds or any part are delivered for value, this resolution shall be and remain irrevocable until the bonds of said part and the interest thereon shall be fully paid, satisfied and discharged as herein provided.

26. All resolutions or parts thereof in conflict with the provisions of this resolution are hereby repealed. This repealer shall not be construed to revive any resolution or part thereof heretofore repealed.

27. If any section, paragraph, clause or provision of this resolution shall for any reason be held to be invalid or unenforceable, the invalidity or unenforceability of such section, paragraph, clause or provision shall not affect any of the remaining provisions of this resolution.

EXHIBIT "C"

UNITED STATES OF AMERICA
STATE OF NEVADA COUNTY OF DOUGLAS
BOND NO. \$1,000

ROUND HILL GENERAL IMPROVEMENT DISTRICT

IMPROVEMENT BOND

SERIES 66-1, PART _____

On the 8th day of March, 19 the Round Hill General Improvement District in the County of Douglas, State of Nevada, a body corporate and politic and a quasi-municipal corporation duly organized and existing under the laws of said State, for value received, hereby promises to pay to the bearer, at the Bank of America, National Trust and Savings Association, Main Office, San Francisco, California, the Paying agent of the District and of its Treasurer, the sum of ONE THOUSAND DOLLARS (\$1,000) in lawful money of the United States of America, together with interest from the date hereof at the rate of six per cent (6%) per annum, represented by coupons attached hereto at the time of issuance, payable on March 8 and September 8 of each year during the term hereof, upon presentation and surrender of proper coupons.

If any bond or interest coupon is presented for payment at maturity and payment thereof is refused upon the sole ground that there are insufficient moneys with which to pay same, such bond or coupon will continue to bear interest after maturity at the rate stated in the bond until notice is given that funds are available for such payment.

This bond is subject to prior call and redemption, at the option of the District, from funds available therefor, on any interest payment date prior to maturity, at a price equal to the principal amount hereof and with accrued interest to the redemption date.

The District Treasurer shall give written notice of advanced maturity entitled "To Whom It May Concern," to the holder or owner of each bond that is called, at least 14 days before the day of call. The notice may be given by personal service, by registered mail addressed to the last known address of the holder or owner, or by one publication in the district or in a financial paper in New York. When given by publication, it shall also be mailed to the last known address of the holder or owner and if not known to the address of the original purchaser of the bonds.

In selecting a bond of this part for retirement, the lowest numbered bond of the annual series thereof midway to the end of the bond term shall be chosen. Successive bonds shall be chosen from the lowest number of each annual series on either side thereof, so that bonds called shall be a pro rata part of each annual series after the one for which the levy has been posted to the County tax roll, to the end that the relationship of unpaid assessments to bonds outstanding shall be disturbed as little as possible.

This bond is one of an issue of serial bonds in the total amount of \$ _____ and designated "Round Hill General Improvement District Improvement Bonds, Series 66-1, Part _____," being a portion of a duly authorized issue of bonds of the District, aggregating \$849,000 in principal amount, all of like date, tenor and effect (except for such variations as may be required to designate varying numbers, maturity dates and interest rates), and is issued by said District under Sections 318.350 through 318.485 of Nevada Revised Statutes, the General Improvement District Law, for the purpose of providing means of paying for the improvements described in the resolution pursuant to which it is issued, and is payable from a special fund designated "Round Hill General Improvement District, Improvement Bond Sinking Fund, Series 66-1," containing the receipts upon the collection thereof from the special assessments levied against and secured by a lien upon the property in the General Improvement District's Project No. 66-1, which fund is and shall continue to constitute a sinking fund for and be deemed specially appropriated to the full and prompt payment of said bonds and the interest thereon, and shall be used for no other purpose whatever.

In the event the special fund created by the proceeds of the special assessments shall be insufficient to pay said bonds and the interest thereon as they become due, the deficiency shall be paid out of the General Improvement District's general fund. If the funds in the general fund are not adequate, the Board of Trustees of the General Improvement District has an annual, mandatory, continuous and cumulative duty to levy general (ad valorem) taxes upon all property in the General Improvement District which is by law taxable for state and county purposes, in order to provide for the payment of such bonds, subject to the limitations of Section 2, Article 10, of the Constitution of the State of Nevada.

This bond is secured by fixed lien assessments upon the properties within the assessment district created therefor under the resolutions pursuant to which it is issued, the installments of which and the interest thereon are collectible in semiannual installments on the County Tax Roll and to be enforced, both before and after delinquency by the County Treasurer and other County officials, as provided by law, with the other taxes in the general assessment roll of the County, and in the same manner. Nothing herein shall be construed as preventing the District from collecting said special assessments by suit in the name of the Board of Trustees of the District.

The amounts of the several assessments constitute a lien upon the several lots, parcels and premises assessed until paid, coequal with the lien of all general taxes, including those of this District, not subject to extinguishment by sale of any property on account of the nonpayment of general taxes, and prior and superior to all liens, claims, encumbrances and titles other than the lien of general taxes.

The amounts of the special assessments and the interest thereon when collected, shall be placed in said Sinking Fund and be deemed appropriated to the payment of the bonds and the interest thereon and shall not be used for any other purpose until the bonds and the interest thereon are fully paid.

It is certified and declared that this bond is issued under the authority of Chapter 318, Nevada Revised Statutes; that all of

the provisions and requirements of the Constitution and laws of the State of Nevada and of the resolutions and orders of the Board of Trustees of the District have been duly and regularly and fully complied with by the proper officers of the District in the creation of the General Improvement District, levy of assessments and issuance of this bond; that all acts and things and conditions required by law to be done precedent to and in the issuance of this bond have been done and have been performed in regular and due form and in strict accordance with the provisions of the law authorizing the issuance of this bond and that the total indebtedness of the District, including the total special indebtedness evidenced by this issuance of bonds, does not exceed any limits prescribed by the Constitution and the laws of said State, nor the special assessments levied to cover the proper cost of the improvements.

IN WITNESS WHEREOF, the Round Hill General Improvement District has caused this bond to be signed by the Chairman of the Board of Trustees and President of the District by the placing hereon of his printed, engraved or lithographed facsimile signature, and to be countersigned manually by its Secretary, and has caused its Secretary to affix hereto its corporate seal, and has caused said Secretary to affix to the coupons her printed, engraved or lithographed facsimile signature, all on the 8th day of March, 1967.

EXHIBIT "B"

UNITED STATES OF AMERICA
 STATE OF NEVADA COUNTY OF DOUGLAS
 BOND NO. \$1,000

ROUND HILL GENERAL IMPROVEMENT DISTRICT

IMPROVEMENT BOND

SERIES 65-2 PART 3

On the 30th day of April, 19 , the Round Hill General Improvement District in the County of Douglas, State of Nevada, a body corporate and politic and a quasi-municipal corporation duly organized and existing under the laws of said State, for value received, hereby promises to pay to the bearer, at the Bank of America, National Trust and Savings Association, Main Office, San Francisco, California, the Paying Agent of the District and of its Treasurer, the sum of ONE THOUSAND DOLLARS (\$1,000) in lawful money of the United States of America, together with interest from the date hereof at the rate of six per cent (6%) per annum, represented by coupons attached hereto at the time of issuance, payable on April 30 and October 30 of each year during the term hereof, upon presentation and surrender of proper coupons.

If any bond or interest coupon is presented for payment at maturity and payment thereof is refused upon the sole ground that there are insufficient moneys with which to pay same, such bond or coupon will continue to bear interest after maturity at the rate stated in the bond until notice is given that funds are available for such payment.

This bond is subject to prior call and redemption, at the option of the District, from funds available therefor, on any interest payment date prior to maturity, at a price equal to the principal amount hereof and with accrued interest to the redemption date.

The District Treasurer shall give written notice of advanced maturity entitled "To Whom It May Concern," to the holder or owner of each bond that is called, at least 14 days before the day of call. The notice may be given by personal service, by registered mail addressed to the last-known address of the holder or owner, or by one publication in the district or in a financial paper in New York. When given by publication, it shall also be mailed to the last-known address of the holder or owner and if not known to the address of the original purchaser of the bonds.

In selecting a bond of this part for retirement, the lowest numbered bond of the annual series thereof midway to the end of the bond term shall be chosen. Successive bonds shall be chosen from the lowest number of each annual series on either side thereof, so that bonds called shall be a pro rata part of each annual series after the one for which the levy has been posted to the County Tax roll, to the end that the relationship of unpaid assessments to bonds outstanding shall be disturbed as little as possible.

This bond is one of an issue of serial bonds in the total amount of \$647,000 and designated "Round Hill General Improvement District Improvement Bonds, Series 65-2, Part 3," being a portion of a duly authorized issue of bonds of the District, aggregating \$3,001,000 in principal amount, all of like date, tenor and effect (except for such variations as may be required to designate varying numbers, maturity dates and interest rates), and is issued by said District under Sections 318.350 through 318.485 of Nevada Revised Statutes, the General Improvement District Law, for the purpose of providing means of paying for the improvements described in the resolution pursuant to which it is issued, and is payable from a special fund designated "Round Hill General Improvement District, Improvement Bond Sinking Fund, Series 65-2," containing the receipts upon the collection thereof from the special assessments levied against and secured by a lien upon the property in the General Improvement District's Project No. 65-2, which fund is and shall continue to constitute a sinking fund for and be deemed specially appropriated to the full and prompt payment of said bonds and the interest thereon, and shall be used for no other purpose whatever.

In the event the special fund created by the proceeds of the special assessments shall be insufficient to pay said bonds and the interest thereon as they become due, the deficiency shall be paid out of the General Improvement District's general fund. If the funds in the general fund are not adequate, the Board of Trustees of the General Improvement District has an annual, mandatory, continuous and cumulative duty to levy general (ad valorem) taxes upon all property in the General Improvement District which is by law taxable for state and county purposes, in order to provide for the payment of such bonds, subject to the limitations of Section 2, Article 10, of the Constitution of the State of Nevada.

This bond is secured by fixed lien assessments upon the properties within the assessment district created therefor under the resolutions pursuant to which it is issued, the installments of which and the interest thereon are collectible in semiannual installments on the County Tax Roll and to be enforced, both before and after delinquency by the County Treasurer and other County officials, as provided by law, with the other taxes in the general assessment roll of the County, and in the same manner. Nothing herein shall be construed as preventing the District from collecting said special assessments by suit in the name of the Board of Trustees of the District.

The amounts of the several assessments constitute a lien upon the several lots, parcels and premises assessed until paid, coequal with the lien of all general taxes, including those of this District, not subject to extinguishment by sale of any property on account of the nonpayment of general taxes, and prior and superior to all liens, claims, encumbrances and titles other than the lien of general taxes.

The amounts of the special assessments and the interest thereon when collected, shall be placed in said Sinking Fund and be deemed appropriated to the payment of the bonds and the interest thereon and shall not be used for any other purpose until the bonds and the interest thereon are fully paid.

It is certified and declared that this bond is issued under the authority of Chapter 318, Nevada Revised Statutes; that

all of the provisions and requirements of the Constitution and laws of the State of Nevada and of the resolutions and orders of the Board of Trustees of the District have been duly and regularly and fully complied with by the proper officers of the District in the creation of the General Improvement District, levy of assessments and issuance of this bond; that all acts and things and conditions required by law to be done precedent to and in the issuance of this bond have been done and have been performed in regular and due form and in strict accordance with the provisions of the law authorizing the issuance of this bond and that the total indebtedness of the District, including the total special indebtedness evidenced by this issuance of bonds, does not exceed any limits prescribed by the Constitution and the laws of said State, nor the special assessments levied to cover the proper cost of the improvements.

IN WITNESS WHEREOF, the Round Hill General Improvement District has caused this bond to be signed by the Chairman of the Board of Trustees and President of the District by the placing hereon of his printed, engraved or lithographed facsimile signature, and to be countersigned manually by its Secretary, and has caused its Secretary to affix hereto its corporate seal, and has caused said Secretary to affix to the coupons her printed, engraved or lithographed facsimile signature, all on the
