

**ROUND HILL GENERAL IMPROVEMENT DISTRICT
NEWSLETTER
August 2019**

RATES

The RHGID Board of Trustees is committed to keeping any future water and sewer rate increases to a minimum. Sewer rates were last increased in 2008 and Water rates were last increased in 2013. Inflation has increased 18.97% since 2008 and 9.95% since 2013. Inflation driven costs and increased costs of operation incurred by the district resulting in reduced revenues are the primary contributors driving the District to consider a rate increase at this time. The Board of Trustees will consider a rate increase during a public hearing at its next meeting on September 17, 2019 at 4:30pm at the Zephyr Cove Fire Station #3. Under consideration by the Board will be an adjustment to the base rate for both Water and Sewer services.

WATERING RESTRICTIONS

As a reminder:

Round Hill GID restricts all outside irrigation between the hours of 10:00 a.m. and 4:00 p.m. daily. Please do not water during these hours. Also, please avoid wasting water and over irrigating in general.

DISTRICT AESTHETICS

RHGID staff has put forth significant effort in improving the cleanliness of our District and added some beautification projects throughout in order to present a more aesthetically inviting atmosphere to Round Hill. We hope you have noticed and enjoyed these improvements!!
