

Good News!!!

RHGID is now able to process Debit/Credit cards in-office, over the phone, and on a recurring basis!

We can also set up recurring payments that are withdrawn directly from a checking or saving account!

As customary, there will be a small fee to process these transactions.

- “Swiped fee” is 1.6% of your payment, plus 30 cents.
Example – If you come in to the office and pay your bill with your debit card and your bill is normally \$111.00, you will pay \$113.07 for your total.
- “Keyed fee” (also RECURRING card processing) is 3.3% of your payment, plus 30 cents.
Example – If you DO NOT come in to the office (call in or have your card processed on a recurring basis) and pay your bill with your debit or credit card and your bill is normally \$111.00, you will pay \$114.96 for your total.
- “Invoice fee” (can also be RECURRING) is 3.3% of your payment, plus 30 cents.
Example – You can have an invoice emailed to you, where you can click and pay from the email and your bill is normally \$111.00, you will pay \$114.96 for your total.
- “ACH payments” (Automatically drawn from your checking or savings account EVERY MONTH) is your payment amount, plus \$1.00
Example – You fill out the form to authorize RHGID to withdraw the amount due every month, plus \$1.00. If your amount due is \$111.00, you would pay \$112.00 total

***Please fill out the included form if you would like RECURRING payments
